Helpful Hints:

- ◆ When registering people, use the credit card billing address as the person’s address so it will migrate over to the billing side with the click of a button (you’ll see!)
- ◆ If you’re registering a bunch of people in the office and don’t know birthdates, just guess. (Birthdates are important when running in timed events only and for billing purposes.)
 - ◆ If you have ANY questions or issues, contact the CAI office. We’re here to help!
