This course, “Jeopardy Legislative Update” covers the changes made in 2012 to NRS 116 which have relevance to community association managers. The course has a unique format, in that the course will be taught in a question and answer format similar to the game show “Jeopardy” with special proprietary game show software on a projection screen. Attendees may be divided into two teams. The questions have been divided into categories, and the teams attempt to answer the most correct questions.
